## Svenska lärosäten: några intryck

- Flera syften med forsknings-/projekt-databaser men fokus/tyngdpunkt på att synliggöra forskning.
- Svårt att hitta organisatorisk hemvist för ansvar & admin: forskningssupport, bibliotek, kommunikationsenhet, rektors kansli ...
- Svårigheter att hitta hållbara rutiner för att uppdatera data och få god täckning.
- Aktuell fråga på flera lärosäten. Upphandling av CRIS/projekt-databaser (LU, KTH), CV-databaser (KTH), vidareutveckling av pub-databaser (DiVA, Chalmers)
- Svårigheter att engagera forskarna.
